HIGHWAY (JOHN)

Since my last report the men have graded McMichael, Tuttle, Sweeney, Patch, and Allis. We used the grader and 5 loads of item number 4 to fix Wraight and Nagel Road, after heavy rains. We are still working on pot holes, we've covered all but two roads. Ditching is being done every day unless the excavator is needed at the Lyons Hollow bridge project, they have also changed out two bad sluice pipes on Stanton Road, and added two extensions on existing pipes on Williams's road. We have put a gravel lift of approximately 800 ton of item number 4 on a section of Rosey hill. Have repaired two front tires on the john deer, replaced leaking cylinder on T-104, new oil pan on T-205, new top side cylinder on T-103, and a bunch of miscellaneous work on the frail mower. At the Lyons Hollow bridge project we have been working with the county digging, hulling, rebar work, and hulled in approximately 360 ton bank run.
